SLIM 116 SLIM

Exposed flush cistern with reduced thickness for low or medium position installations

DESCRIPTION

SLIM 116 exposed flush cistern is suitable for low or medium position installations.

Thanks to its thickness of only 11.6 cm, SLIM 116 is ideal for limited spaces where vertical positioning of the toilet seat is compromised.

SLIM 116 is made with an anti-ageing ABS body and is equipped with a single button with start-stop function.

Each cistern is produced with top quality materials and with components 100% tested in production with water supply.

EN 14055 CL1 - 9 - NL II - VR II regulation

FEATURES

Features and plus

Low-medium position

Single button with start-stop function

6-9lt in-wall cistern

100% Made in Italy
