## EURA ALTA (HIGH-POSITION)

### DESCRIPTION

EURA ALTA exposed flush cistern is suitable for high level installations.

EURA ALTA is made with an anti-ageing ABS body and is equipped with chain or pneumatic drive.

KARIBA exposed cisterns are equipped with a fast and silent float valve with various water connection possibilities.

Each cistern is produced with top quality materials and with components 100% tested in production with water supply.

EN 14055 CL1 - 9 - NL II - VR II regulation

### FEATURES

#### Features and plus

High position

Chain or pneumatic control depending on model
